

Nyala Farms

PowerHawke, Inc is coordinating a five-year preventative maintenance contract with Nyala Farms Corporate Center in Westport, CT. Nyala Farms Corporate Center is a 372,207 sq. ft. office park development that is home to a variety of businesses under the management of Albert B. Ashforth, Inc. – Management Services.

PowerHawke provides both energized and de-energized service to each of the five buildings located in the office complex. PowerHawke is currently working with Nyala Farms on the potential installation of IRISS Infrared Windows to mitigate arc flash risk.

Energized Services:

- Infrared Assessment
- Visual Code Assessment
- De-Energized Services:
- Test/Clean/Lubricate/Exercise
