

Tilcon Connecticut, Inc.

PowerHawke, Inc. provided Tilcon, Inc. with a coordinated electrical program that includes Arc Flash Hazard Analysis services for a number of their quarry, asphalt, stone, and concrete plants across Connecticut. This project covered 24 locations and required much coordination and assistance to complete over a three-year timeframe.

Additionally, PowerHawke provided similar services for PJ Keating, a sister company to Tilcon, in the Massachusetts market.

Electrical Safety Services:

- Arc Flash Hazard Analysis
- Field Inspection
- Hazard Analysis
- Mitigation
- Labeling
